NEBEKER ON SENATOR.
Thinks Candidates Should Not Pledge Themselves.

Hon. Aquila Nebeker, president of the last state senate, has some very pronounced views on the matter of the coming election. He says that candidates pledging themselves to that or that senatorial candidate in advance of the election.

"I do not believe it is right," said Mr. Nebeker yesterday. "On the contrary, it is all wrong. I am for the success of the Democratic party first, and then we will tackle the senatorial question when we come to it. The other candidates mentioned as candidates for the office are all good men; good Democrats are worthy of the office, but this pledging of themselves in advance of the election is not right. We want the assistance of every senatorial candidate in this state, in every part of the state. If Mr. McCune hears of a man in one of the lower counties pledged to Mr. King, or Mr. Richards, or Frank Cannon, or Judge Powers, or any other candidate, and he is asked to do something to help him, he should tell him that. It is natural that he would take the same interest in this work as he would if the candidate had said nothing of the kind. It is all wrong. What we want is for every Democrat to get in the harness and work. We want to see the candidates cannot afford to jeopardize the success of the ticket by indulging in this sort of thing. It is all wrong. It should be stopped right now. The time to discuss the election of a senator is when a Democratic legislature shall have been elected, not before."

This expression by Mr. Nebeker is not the only one of the kind heard. Many candidates for the legislature have similarly expressed themselves. The Democratic party in general seems to be favorably received by all of them.

HARD LINES IN UTAH.
Elko Paper Tells of Our Political Condition.

The Elko Argonaut has the following: "A married candidate is in velleuxvax down in Utah. If he kicks at the grub, his wife and daughters immediately threaten to vote for his most hated opponent. The wife hired girl looks at the gate, gossiping with policemen and butcher boys and threatens to throw the vote of her string of beads against him if he even looks at her. His sister, a woman starchy as the sleeves and tails of his white shirt and leaves the bosom limp, with the mark of a hot flatiron on her forehead. His business partner, a big fat is shaken under his nose and he is threatened with a loss of the Washerwoman's League vote, and so it goes, until suicide seems a relief. No man in Utah has more men sufferers. A vote in the hands of a woman is fraught with more danger to us lords of creation than a kick-butt in the Young Men's club of Erin who imagines he has been 'insulted.'"

The Republicans have decided to open the campaign this week and make the following announcements. On Monday at the Ninth ward annex, at which George M. Cannon, Mrs. Edna L. Smith, John C. McKay and George B. Costigan will talk. On Thursday the Women's Republican club will hold a meeting at Eighth West and First South. The Young Men's club will hold a meeting at Taggart's hall on Friday night. P. P. Christensen, Mrs. Annie Madison Bradley, George L. Nye and Daniel H. Harrington will speak. The Women's Republican club will hold a meeting at Forest Dale on Friday evening at which George M. Cannon, Mrs. Edna L. Smith and Benner N. Smith will orate.

LEWIS' PETITION.
Working to Get On as An Independent Candidate.

Sheriff Lewis and his friends are circulating a petition, asking that his name be placed on the official ballot as an independent candidate for the office of sheriff. He expects to obtain the required number of signatures in a few days.

Sheriff Lewis does not expect to be elected. All the object he has in this matter is to defeat the election of the regular candidate, John Howell. Whether he will succeed or not, time alone will tell, but it is the belief of a large number that he will not, and the Legislature following the election of the side of the house. There is one result which the sheriff's friends are telling him he will surely accomplish, and that is he will kill himself politically, so dead that a brand name of Gabriel horns will not awaken him to life enough to ever become a candidate for anything else.

MRS. HORNE DENIES IT.

LAW OF TRANSFERS

County Attorney's Opinion as to the Meaning of the Statute.

ONE WORD TO ANOTHER

TRANSFERS UNNECESSARY AND NO PROVISION FOR THEM.

But Those Removing From One Voting District to Another Within the Same Municipal Ward Require Certificates of Transfer to Entitle Them to Registration.

There has been much diversity of opinion in regard to the registry law governing transfers from one precinct to another. Some days ago County Clerk Dunbar asked County Attorney Van Cott for an opinion on the matter and yesterday received the following:

"We are in receipt of your request for an opinion on two questions, viz: First, whether, in cases where a registered voter moves from one precinct of municipal ward within the county to another, it is necessary that he procure a transfer or registry certificate from the registration officer of the district from which he removes to entitle him to be registered in the district to which he removes. We are of the opinion that there is no provision of the revised statutes which requires a transfer in such cases, and therefore the same is not necessary. The result of this condition is that a voter's name may be at the same time on two registration lists in different precincts, and in order to remedy this condition, which, of course, gives the opportunity for illegal voting, we suggest that registration officers may, under the provisions of section 804, giving them the right to ask applicants for registration such questions as they may consider necessary and proper for ascertaining their qualifications as electors, may very properly ascertain in such cases the voting district from which the voter has removed, in order that steps may be taken to delete the name of such voters stricken from the registration list of the district in which they were formerly registered."

CASE WHERE NECESSARY.
"Your second question as to whether in cases where a voter, since the last election, has removed from one voting district to another within the same precinct or municipal ward, it is necessary in order to entitle him to registration in the new district that he procure a certificate from the registration officer of the district from which he has removed. We answer this question in the affirmative, in cases where such a certificate is necessary to entitle him to registration in his new district."

LIEUTENANT GURNEY'S BODY
WILL NOT BE PERMITTED TO REST IN CUBAN SOIL.

Gallant Officer's Father Goes to the Island to Bring the Remains to Michigan—Military Notes.

The body of Lieutenant John A. Gurney of the gallant Twenty-fourth infantry will not be permitted to rest in Cuban soil, but will be taken home to the old family cemetery in Michigan. Lieutenant Gurney's father is one of the leading citizens of Michigan, and a close personal friend of Secretary Alger.

In a dispatch to the Detroit Free Press, the Washington correspondent of that paper says:

"State Senator Gurney of Hart, Mich., has applied to Secretary Alger through Congressman Bishop for a permit to go to Santiago to bring home the remains of his son, the gallant Lieutenant John A. Gurney, who was killed while fighting at the head of his regiment in the famous Tullahoma campaign. Secretary Alger has given instructions to afford Judge Gurney every facility upon his sorrowful mission. Lieutenant Gurney was an officer of more than usual promise, and was the idol of his company, which was composed of stalwart negroes who have seen more active service in Indian wars than in the regular army. The Twenty-fourth regiment was recently located in Utah, where it won an excellent reputation for discipline and soldierly qualities."
